DETAILED ACTION

Election/Restrictions

1. **Claim 1** is generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and **Claims 2, 3, and 5 – 15**, directed to the first, second, and fourth – ninth species are no longer withdrawn from consideration since all of the claims to these species depend from or otherwise include each of the limitations of an allowed generic claim.

In view of the above noted withdrawal of the restriction requirement as to the linked species, Applicant is advised that if any claims depending from or including all the limitations of the allowable generic linking claim be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. **Claims 1, 2, 3, 5 – 16, 18, and 19** (now renumbered 1 – 17, respectively) are allowed.
3. The following is an Examiner's statement of reasons for allowance:

While the closest prior art teaches of an auto focusing apparatus including a focusing section that is capable of executing focusing in an ordinary mode using an entirety of an imaging plane at an ordinary frame rate and is also capable of executing focusing in a high-speed mode

Art Unit: 2612

using a portion of the imaging plane at a high frame rate; the closest prior art does not teach or fairly suggest a control section for preferentially selecting the high speed mode first after a start of a release operation and for selecting the ordinary mode second when the control section determines that the high speed mode has failed.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
